

## Solar & Wind Street Light

No.	Sample Model	Specification	LED light lamp
1	JMTF001-003	wind power generator400W solar PV2*40W	40W
2	JMTF001-003	wind power generator400W solar PV2*50W	50W
3	JMTF001-003	wind power generator400W solar PV2*60W	60W
4	JMTF001-003	wind power generator400W solar PV2*70W	70W
5	JMTF001-003	wind power generator400W solar PV2*80W	80W

Parameters:

wind-solar street light adopts high power LED and high-effective wind power generator (2.5 grade wind can start the light).

1. solar panel: imported 40W~160W poly-crystalline silicon, 25 years life.
2. maintenance-free lead-acid battery, 12V/24V 120AH~120AH, over charge and over discharge protection, 3 years life.
3. controller: solar digital programmable intelligent controller, switch on/off by light and time.
4. light source: imported LED light source, 28W~84W.
5. work time: 8-9 hours a day, and 8-9 rainy days.
6. pole: zinc-plated steel pole and coating to color of your choice, with the whole kit of stainless steel fasteners, 20 years life.
7. work temperature:  $-20^{\circ}\text{C} \sim +60^{\circ}\text{C}$ .
8. wind resistance:  $\geq 150\text{km/h}$ .
9. protection grade: IP 65.
10. height: 8m~12m

(Customized specifications are welcome)
